MEMORANDUM FOR: Director of Central Intelligence

VIA : Deputy Director of Central Intelligence

FROM : Anthony A. Lapham
General Counsel

SUBJECT : Charter Legislation Issues for Discussion
at 3 May Special Coordination Committee
Meeting

1. Action Requested: It is requested you review this memorandum and its recommendations and attachments, and consider any additional or differing views the DDO, NFAC, and DDS&T may wish to provide, in preparation for the Special Coordination Committee meeting now scheduled for 3 May to discuss issues relating to intelligence relationships with and use of various types of U.S. persons and organizations.

2. Background: In coordination with the DDO and the intelligence entities on the Working Group, we prepared a Charter Legislation Issues Paper (attached as Tab A) concerning "Use of Particular Types of Persons or Organizations." That paper will be the subject of discussion at the 3 May SCC meeting. (It is possible that an Issue Paper concerning civil and criminal remedies for violations of the Charter, now being developed by the Justice Department, will also be ready for discussion at that time. If so, we shall prepare an additional memorandum for you on that subject.) This memorandum describes the issues briefly, presents a recommended CIA position as to each, and provides background materials that you may find useful.

3. Use of Persons: Relevant portions of [] and [] which state current Agency policies in regard to use for intelligence purposes of persons who are engaged in particular professions or are affiliated with particular organizations, are attached at Tab B, along with a copy of the Katzenbach Report and President Johnson's implementing directive, for your information. These policies are summarized in Paragraph II.a. of the Issues Paper. Also included for your information (at Tab C) are copies of recent memoranda from the Chief of the DDO's Covert Action Staff and NFAC's Coordinator of Academic Relations discussing these issues. The issues (and our recommendations) are:
